

DS-96 Driveway Scraper

AWARD WINNING DESIGN!

**FOR ANY TRACTOR WITH A
CAT 1 OR 2 THREE POINT HITCH.**

**FOR GRAVEL OR DIRT DRIVEWAYS,
TWO-TRACKS, PARKING OR PLAY
AREA SURFACE MAINTENANCE
CAN ALSO BE USED FOR LEVELING
FILL DIRT, AND TOPSOIL.**

100% DESIGNED AND MADE IN THE USA!

The DS-96 removes washboard effect filling in ruts and other low spots without creating dips swells or gouging. The front blades cut down any high spots moving and mixing that material to the side wings which catch it and channel it across the full 8' width back blade, filling in any low spots.

STANDARD FEATURES

- Will fit a category 1 or 2 three point hitch
- High Carbon Steel blades on front and back are 1/2" thick and reversible
- 8' wide, weighs 400 lbs. Extra weight can be easily added to frame
- Scraper has a "ski-nose" front which keeps the front of the unit from nose diving into soft material when it is set in the "float" setting
- Optional front "ripper" blades enable more aggressive cutting on harder packed surfaces

Other quality products available include Bucket Fork tines, 60, 90 & 120 inch lift height three point fork lift attachments, fork tine extensions and tree planter bars.

DS-72 3pt Driveway Scraper

Agritek is pleased to announce the release of the DS-72 Driveway scraper. The DS-72 is the 6 foot wide version, the little brother, of our DS-96 driveway scraper. The 6 foot width is perfect for Golf course cart pathways and those looking for a more compact scraper than our popular DS-96. The DS-72 has all the same features of the DS-96 with the added benefit that it may remain hooked up to your tractor while trailering and transporting from location to location.

*Removes washboard effect by filling in ruts
Reversible 1/2" thick front and rear blades
Does not create dips, swells or gouging
Rigid for flat surfaces
Float mode for countoured surfaces
Extra weight can easily be added to center frame
Also ideal for two-tracks & weed control in pastures
